

S 350 - S 380

New wheel balancers in the **STARTLINE** range

24.07
2020

Dear Sirs,

we are pleased to inform you that **the production of the new range of STARTLINE off-the-vehicle wheel balancers for cars, light transport vehicles and motorcycles** is slated to start in **September 2020**.

Two new models will be produced. The **monitor version, STARTLINE S 380**, and the **display version, STARTLINE S 350**, are designed for workshop owners who focus on quality and price. Both models offer the best possible balancing results, efficiency and accuracy.

They will be produced in our Chinese plant based in Yingkou, where we produce the current car and truck tyre changers and wheel aligners of the STARTLINE line. This will achieve a better product mix per container load, with additional advantages in terms of costs and logistics.

Stylish, contemporary design.

- ✓ **Automatic start and braking**, space-saving 44" wheel guard, balancing shaft \varnothing 40 mm, manual or automatic internal detector with **automatic balancing program** selection for **wheels up to 26" in diameter**.
- ✓ Equipped with **modern, reliable patented software** designed in Italy.
- ✓ **Complete centring equipment** includes 4 cones for wheels with central hole \varnothing 42÷156 mm.
- ✓ Available **options** include foot brake to facilitate the application of balancing counterweights, **external detector TL-2 UP for automatic wheel width measurement** (only for models with automatic internal detector) and **laser pointer at 6 o'clock** with integrated **wheel illuminator Laser & Led Kit**.
- ✓ Can be ordered with **Mindolfo Ferro red RAL 3002** (/16) or **grey RAL 7040** (/39) chassis, and possibly with front panel KIT in the desired colour (see table with codes below).
- ✓ The STARTLINE S 350 or STARTLINE S 380 **customisation kit must be added**.

Available versions:

Code	Model	Interface	Data input	Power supply	Wheel guard	Monitor 19" wide-screen
0-21900039/00	S 350 M	Display	Manual	100-115 V	NO	
0-21900040/00	S 350 A	Display	Automatic	100-115 V	NO	
0-21900033/00	S 350 M	Display	Manual	100-115 V	YES	
0-21900035/00	S 350 M	Display	Manual	200-230 V	YES	
0-21900034/00	S 350 A	Display	Automatic	100-115 V	YES	
0-21900036/00	S 350 A	Display	Automatic	100-115 V	YES	
0-21900037/00	S 380 A	Monitor	Automatic	100-115 V	YES	Monitor 19" not included
0-21900038/00	S 380 A	Monitor	Automatic	200-230 V	YES	Monitor 19" not included

Standard equipment for both models:

Compulsory accessories

8-21900205	CUSTOMIZATION KIT STARTLINE S 350
8-21900217	CUSTOMIZATION KIT STARTLINE S 380

Optional accessories

8-21900206/XX	PERSONALIZED COLOR KIT CWB CW S1-S2	
8-21900207	PEDAL BRAKE KIT	
8-21900209	TL-2 UP EXTERNAL WIDTH DETECTOR (only for automatic data input versions)	
8-21100238	LASER&LED KIT	
8-21100235	19" WIDE SCREEN MONITOR (only for STARTLINE S 380)
